CONFIGURATION

The **TIMBER EXPRESS CHECKOUT** offers a step up solution to your express counter needs. When you expect to accommodate more traffic in your express lane, this model is for you. As with our standard-sized express counters, the **TIMBER EXPRESS CHECK-OUT** features:

Versatility:

It allows you to adjust its height up to 40 mm, lets you accept both plastic and green bags, and comes with adjustable shelves.

Durability:

This model bears the mark of BCG toughness as it is built to stand the rigors of retail business. You get a 3mm thick, heavy duty Vinyl top, rubber impact protection and very sturdy feet.

The Right Size:

The slightly larger size allows you to serve your customers more conveniently. There is a push forward bag holder feature --- your staff simply pushes the bags without having to lift them. There is also an area where packed bags can be stored prior to customer pick up.

Measurements:

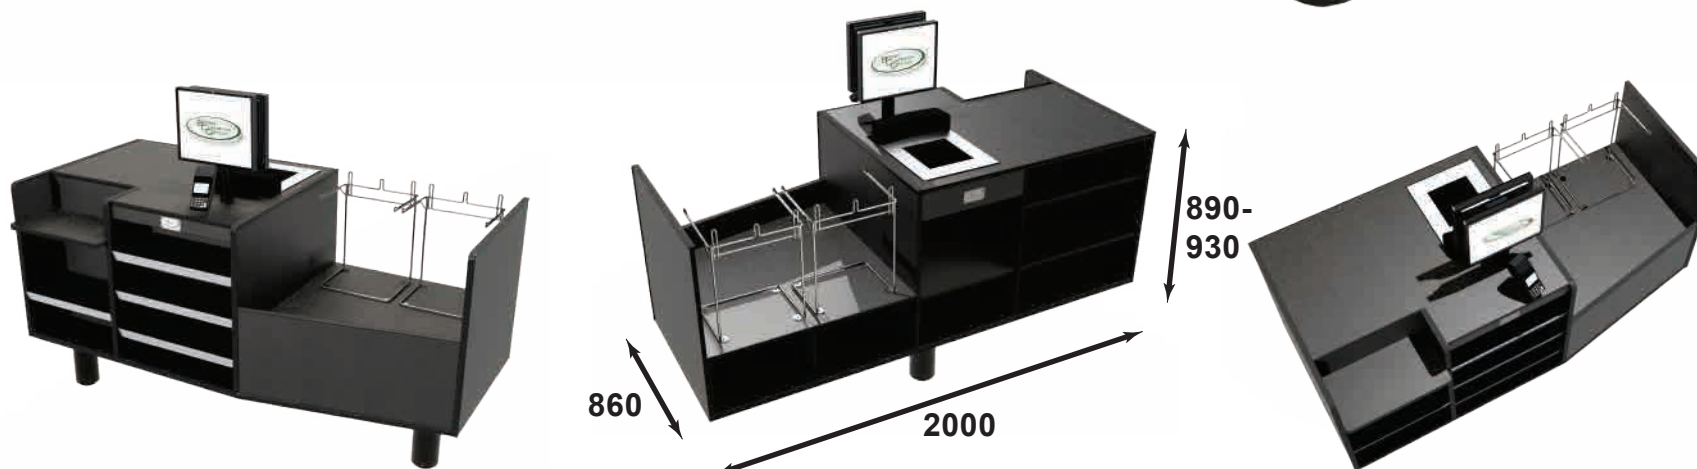

Length: 2000mm Width: 860mm Height: Adjustable 890-930mm
Can be modify to suit your requirements

OPTIONS:

Available with or without confectionary
Available in various material finishes
Available with custom modifications to fit your shop
Scanner Scale cut out
Ready for LED fittings

NOTES:

Sizes / Colours are indicative and should be confirmed prior to placing order.
